### Men's League UNDERTAKES BIG WELFARE WORK

Under their power of authority which provides such, the Men's League of Central High School last night voted up a bill for the pledging additional money to the Old Day Camp as a fund to help the well-to-do students, and those who cannot afford to pay, for brotherhood and whiting away the time of public meetings, as a means of providing additional money to various charities directly to come before the tax committee.

The annual meeting was held in the parish house, and the amount levied was cleared away before the special feature of the evening, the discussion of resolutions, was opened. Mr. H. W. John, was chosen P. C.

Chairman. He first read a report that breasted the high spirit of the organization and summarized briefly its successful work for public welfare and university. Following his report, the report of the nominating committee was read and adopted, the report being as follows:

To the Chairman, Men's League, Honolulu.

Dear Sir.—The nominating committee appointed by your nominal to nominate officers in service for the ensuing year beg leave to report as follows:

For chairman, Judge W. L. Whitney; vice chairman, Dr. W. C. Hobby; secretary, Mr. H. T. Fitch; treasurer, Mr. Malcolm McIntyre. Commissioners, Messrs. J. E. Galt, Jas. D. Cole, H. F. Williamson, John T. Warren, D. F. Thrum, and E. W. Sutton.

Respectfully submitted,

W. L. ALEXINGTON, Chairman.

W. H. BAILEY,  
C. H. C. RAZIER.

With the adoption of this report, the chairman declared elected the officers so nominated and then followed the moving of resolutions by Walter F. Dillingham, Rev. A. A. Sherman and B. A. Notchmith as follows:

By Mr. Dillingham "That the Men's League continues its support to the Old Day Camp, that we endeavor to raise during the coming year an amount equal at least to that contributed last year, and that the new chairman elected might be authorized to appoint a committee to make the canvass at the proper time for this fund."

By Mr. Sherman—"That the Men's League continue its support to the Juvenile court through the Big Brother movement, and that a committee be appointed by the incoming chairman to solicit for more Big Brothers in an endeavor to that end of at least double the number of boys the coming year."

### PILKIA PILES HIGH ON AKAKA'S OLD SHOULDERS

By Mr. Mcintosh.—Find this in the year when the legislature sits in session, the Men's League undertakes through its executive committee an attempt to secure a series of public meetings between now and the opening of the Territorial legislature, for discussion of specific lines of legislation which were important to the welfare of this community and Territory—that no measure, no law may not fail in creating positive opposition to them of such legislative body, as to prevent its adoption.

These resolutions were all advocated by the executive committee and passed unanimously.

In his report, which will be submitted in more detail by the Star-Advertiser later, Rev. H. T. Chaleian, J. C. Galt gave the average membership of the League for the last four years as 266, and said that the gross receipts collected amount to about \$10,000. He read brief reports concerning the work of the various sections and the fine record of the Old Day Camp in caring for tubercular cases was dwelt upon in some detail.

#### ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Biliary Stomach, Colic, Tumors or Constipated Bowels in morning.

Turn the rascals out—the headaches, the stiffness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and turn them out with Cascaret.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascaret cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love to take Cascarets because they taste good—never grip or sicken.

The postmail due from the mainland is reported as on board the Pacific Mailer Nile, which vessel is expected here on the morning of November 28th.

The Pacific Mail liner Persia, scheduled for dispatch on Dec. 3rd, will carry the accumulation of mail to the mainland following the departure of the Matson Navigation steamer Lurline this evening.

all gone to dinner at the time, leaving a clear field of operation. Chase has been working for John Brown on his belt road contract and, with the exception of one arrest, recently for assault, has no police record as far as is known. As nothing had been taken from any of the room, Chase was booked as a disorderly person and the case will come up on Tuesday.

**HITCHCOCK PAINTINGS  
ON VIEW FOR LAST TIME**

The Hitchcock Exhibition at the Kilohana Club Gallery will be free to the public this evening, November 26, and Wednesday, November 27, from 5 p. m. to 8 p. m.

This will be the last chance to view these paintings, as the artist will take them to San Francisco for exhibition there, leaving on the Wilhelmina next week.

Mr. Hitchcock's large painting for the Panama-Pacific Exposition will be on exhibition at his studio, Colina Building, on stairs, on Friday and Saturday of this week from 9 a. m. to 12:30 p. m. The public is cordially invited to call and view the same.

buck and spent ten days in California. British Columbia is in a very prosperous condition—in fact, it is the most prosperous region I visited in my travels. Both Vancouver and Victoria are going ahead at a wonderful rate, and people are pouring into the country over from the states.

While in the West I took in six out of the eight championship baseball games. Also I saw a good many football matches, including that between Harvard and Princeton on the second of November, undoubtedly the best game of football played this year. In this game young Rex Hitchcock of Hawaii distinguished himself playing best of anyone in the Harvard rush line, he being right tackle.

I was informed that not only is justice done to him, but is granted very little in his studies.

"Of course the plowing has been very decisive, and I for one am exceedingly glad that the Democrats are going to answer a question which has long been hanging over the tariff. It means that the third question is going to be settled promptly. Everybody knows that a reduction of the sugar tariff is coming, and we will know soon just what it is going to be and adjust our affairs accordingly."

### THINGS CHAOTIC

(Continued from Page 1)

President Taft will be utterly helpless. He will have no other alternative than to go to the name of Governor Taft and permit it to drift along until March 4. After that date the new president would be forced to take early action because the vacancy would then have been pending for more than three months. Mr. Dixie will be a Senator until that time and in a position to carry out his declared intention of holding up confirmations.

PRINCIPALS IN RECITAL,  
ARE THOROUGH ARTISTS

Mrs. Howard, one of the principals in Sunday evening's concert at the Union Signal Auditorium, is a woman of much experience. She is well known throughout the island, but nothing is known about her.

Mrs. Howard—She is thinking of returning here the present time and remains by the side of her husband, who is recovering his form world. Mr. Howard is the principal of the model in a school of management, which is taught drama—especially in the course as well as acting the leading parts in such plays as "The Man with the Green Hair" and "The Man with the Yellow Hair."

The feature of this concert is that it contains dramatic, musical and vocal. This makes a pleasant diversion for the busy day person, and only one form of amusement is needed.
